París '06 lounge

This square lounge with an immense glass window offering plenty of natural light and views of the main Camp Nou façade is equipped with two large screens and decorated with a mural of the team that won the Champions League in Paris in 2006. It is one of the stadium's most versatile rooms and is famous for being the venue for the presentations to the media of several new signings.

Roma '09 lounge

Decorated in light tones in a modern, sophisticated style, this room receives plenty of natural light and offers splendid views of the area around the stadium thanks to its large glass window and position above the main grandstand.
